

# ORIENTAL DELIGHT

Here is some helpful information to get the most out of your fat quarters for this quilt. The square is the approximate size of a fat quarter. If you lay out your template carefully you should be able to get six full templates from it plus two each of the long halves and short halves. If you are fussy cutting you will of course get less.

Layout plan for a 180cm x 180cm quilt.

**For this quilt you will need 30 Fat Quarters**

172 Full Pieces

16 Long Halves (be careful of direction)

24 Short Halves (be careful of direction)

Layout plan for a 250cm x 250cm quilt.

**For this quilt you will need 58 Fat Quarters**

346 Full Pieces

22 Long Halves (be careful of direction)

34 Short Halves (be careful of direction)
